ABOUT ACA Qld

Australian Childcare Alliance Queensland (ACA Qld) is a not-for-profit, member-funded organisation representing the early learning sector in Queensland. ACA Qld represents and supports over 880 early learning (childcare) services, employing approximately 14,000 early childhood educators and teachers, who educate and care for approximately 185,000 children of over 250,000 parents across the state.

ACA Qld advocates for the interests of children and families. We work on behalf of Approved Providers and operators to ensure that families across Queensland have access to quality, affordable and accessible early learning and care.

As a peak representative body, our aim is to be:

- A proactive advocate for the early learning sector
- A reputable source of advice to all levels of government
- A strong and reliable voice in the media
- A source for members to share ideas, discuss challenges and create solutions
- An access point to industry experts for advice on business and operations
- A leader in developing policies, plans and programs to meet the training and workforce development needs of the early learning sector
- A support source designed to enable our members to navigate the challenges of working within the highly regulated and competitive early learning sector
- A pathway for members to the best industry suppliers, competitive offers and rates

We work with our members, state and federal governments, regulatory authorities and other stakeholders to ensure that the industry adopts a coordinated approach that delivers the best outcomes for children, families and early learning providers.

We believe in quality early childhood practices and we are committed to the continuous improvement of the early learning sector.
